

OUTLAND YOUTH EMPLOYMENT PROGRAM

"OYEP changed my life"

2019 PARTNERSHIP PACKAGE

The Outland Youth Employment Program is an industry driven initiative that provides pathways to education, training and work opportunities for Indigenous youth. OYEP has enrolled over 497 youth representing 71 communities with chapters in Ontario and British Columbia.

OYEP programming in western Canada offers meaningful employment, training and education opportunities for Indigenous youth from western nations. OYEP success is a direct result of the ongoing support from Industry partners.

OYEP offers partnership opportunities to socially responsible businesses working alongside Indigenous nations. Your sponsorship efforts will play an active role in levelling the social-economic playing field for Indigenous youth in addition to gaining exclusive access to prospective Indigenous employees.
